

Sappi Engineering Bursary

Sappi offers undergraduate bursaries for Engineering and Forestry Science degrees at South African universities.

The Sappi bursary can include tuition, books, accommodation and a living allowance. The value awarded depends on the student's household income.

Sappi engineering bursars have the opportunity for vacation work during July and December each year and successful completion enables entry into the Sappi Engineer-in-Training programme.

Bursaries are offered for:

- Chemical Engineering (BSc or BEng)
- Civil Engineering (BSc or BEng)
- Electrical Engineering (BSc or BEng)
- Forestry and Wood Science (BSc)
- Industrial Engineering (BSc or BEng)
- Mechanical Engineering (BSc or BEng)
- Mechatronics Engineering (BSc or BEng)

Eligibility requirements for a Sappi bursary:

You must be a South African citizen between the ages of 17 and 25 years old

You must have completed in Matric or currently be in Matric

Your must have achieved more than 70% for Maths (not Maths Lit), 70% for Physical Science and 60% for English in Matric or Grade 11 if you are currently in Matric

You must intend to study full time at a university supported by Sappi for Engineering studies

Preference will be given to applicants from communities surrounding Sappi operations who meet the academic requirements.

Applications for the next academic year close on 9/30/2025. Applications must be submitted online: <https://sappi.csod.com/UX/ats/careersite/1/home?c=sappi>
